

# Make a Difference In Your Community!

## Family & Young Adult Volunteer Opportunity

### How You Can Get Involved:

Coos County System of Care is looking for young adults and family members to join us once a month to serve on the Systems of Care Community Committee to provide young adult and family voice. We need this voice to provide the perspective of those that are currently or have previously received services in our community.

### What is a System of Care?

System of Care was put in place by the State of Oregon to bring together youth, families, and service organizations, acting as equal partners, to affect positive change in our community and the state as a whole.

### Interested?

Please read the information flyer and contact Coos County SOC Coordinator, Pamela Huntley: [coosystemofcare@outlook.com](mailto:coosystemofcare@outlook.com)
