

SWOIPA
Southwest Oregon IPA

CMS (Centers for Medicare & Medicaid Services) now requires that coordinated care organizations administering state Medicaid programs pay for COVID and flu vaccines administered by non-VFC (Vaccines for Children) pharmacies to individuals under age 19 through December 31, 2029 unless withdrawn by future federal action.

This does not extend to other vaccinations.

This authorization applies to CCO members under age 19 covered by the CCO's Medicaid and Non-Medicaid Contracts. This does not apply to members covered by the OHP Bridge- Basic Health Program Contract as that contract only covers members age 19 and over.

Any questions, please contact Pharmacy Services
at: (541) 269-7400 option 2.
